"Knowledge is power." There is one kind of knowledge that is power and prestige in the hands of a woman. It is the knowledge of her own nature, her own physical make up and the home treatment of diseases peculiar to her sex.

There is a great home medical book that teaches all this. It is Dr. Pierce's Common Sense Medical Adviser. Over 1,200,000 American homes contain copies of this work. It used to cost \$1.50; now it is free. For a paper covered copy send at one-cent atampa, to cover medicing only, to the World's Dispensary Medical Association, Buffalo, N. This great book tells all about a medicine that is an unfalling cure for all weakness and disease of the delicate organs distinctly feminine. That medicine is Dr. Pierce's Favorite Prescription. During the past thirty years many thousands of women have used it with marvelous results. It imparts health, vigor, virility, strength and elasticity to the organs that bear the burdens of maternity. It fits for wifehood and motherhood. Taken during the period of gestation, it makes the coming of baby easy and almost painless. It completely banishes the pain and misery that are the result of a woman's neglecting her womanly health. An honest medicine dealer will give you what you ask for, and not try to persuade you to take some inferior substitute for the little added profit he may make thereon.

Mrs. Jas. Schaffner, of Freemansburg, Northampton Co., Fs., writes: "It is with pleasure that I write to let you know the great good I have received from your medicines and the local self-treatment at home. I was troubled with female weakuess, had pains in my back all the time, sometimes so severe that I could not he in bed at night. I tried different doctors but they could not help me. Then my husband got Dr. Pierce's Common Sense Medical Adviser, and induced me to try Dr. Pierce's medicines. After taking six bottles of the 'Pavorite Prescription' I feel like a new woman."

Dr. Pierce's Pleasant Pellets cure consti-pation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxa-tive, and two a mild cathartic. Druggists sell them, and nothing is "just as good."

The Commissioners met in regu lar session this week, did lots of business, and next week we will

publish the full proceedings. The Entertainment and debate given by the High school in the hall last Friday evening proved ve ry entertaining and the debate well contested,
